High School
S K HIGH SCHOOL KAILGARH, SIWAN 📅 2018

PROJECTS

Virtual Doctor Appointment System

- 📅 2023
- Doctor's can give online appointments, e-prescriptions, and view patient's history.
 - Designed and developed the web-based platform, allowing users to book appointments with doctors through an intuitive and user friendly interface.
 - Provides online medical services to all people whether they are in metro or remotely located areas.
 - Patients can make online appointments; look their previous health records, doctor's prescriptions, lab reports and medical expenses.
 - Users can connect through their home internet or approach any nearby kiosk to get the services.

Photography Webpage

- 📅 2022
- Developed a project focused on photo enhancement, empowering users to improve their personal images through advanced editing techniques.
 - Allowing users to explore and appreciate various genres of photography.
 - A user-driven photo submission feature, allowing users to send their excellent photos for consideration. As the website owner, curated and uploaded selected images to the webpage, showcasing exceptional user-contributed content.
 - Designed and developed a user-friendly web application enabling seamless photo editing for clients.
